## Competition Format and Rules

競技形式および規則 / Format et règlement des compétitions

As of THU 1 JUL 2021

### OLYMPIC COMPETITION FORMAT

There are three events on the Tokyo 2020 Olympic Games triathlon programme: men's individual, women's individual and mixed relay, with the following formats:

	SWIM	BIKE	RUN
<b>WOMEN'S INDIVIDUAL</b>	1.5km (one lap of 950m+ one lap of 550m)	40km (eight laps of 5km)	10km (four laps of 2.5km)
<b>MEN'S INDIVIDUAL</b>	1.5km (one lap of 950m+ one lap of 550m)	40km (eight laps of 5km)	10km (four laps of 2.5km)
<b>MIXED RELAY</b>	300m	6.8km (two laps of 3.4km)	2km (two laps of 1km)

There is a draw for starting positions, organised 48 hours before each competition.

The events are continuous with no breaks in competition, and the first athlete/team to complete the course is declared the winner.

The maximum number of athletes competing in the Olympic Games triathlon individual competition is 110; 55 men and 55 women. These athletes will make up approximately 15 to 20 teams in the mixed relay.

Expected duration of winning times by segment:

**Individual events:** swim - approximately 17 minutes, bike - approximately 55 minutes, run - approximately 30 minutes. The entire duration of the individual events with two transitions is usually about one hour and 45 minutes.

**Mixed relay for each team member:** swim - approximately five minutes, bike - approximately 12 minutes, run - approximately seven minutes. The entire duration of the mixed relay with two transitions and four athletes is usually about 90 minutes.

The start order within each team will be announced at the briefing which takes place two days before the team competition. The announced order may be changed up to two hours before the race start.

The relay exchange from one team member to another will take place in the exchange zone. The exchange is completed by the incoming athlete using their hand to contact the body of the outgoing athlete within the zone. The exchange time is the time of the incoming athlete when entering the exchange zone.

### DIFFERENCES BETWEEN THE WORLD TRIATHLON CHAMPIONSHIPS AND THE OLYMPIC GAMES

The individual World Triathlon Championships is made of a series of events and there is a different qualification system. For the Olympic Games, the maximum quota is three athletes of each gender per NOC.

### CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

The mixed relay event has been included on the programme.

---

## SPORT RULES AND PROCEDURES

### Tiebreak rules

The head referee may decide, based on the available evidence, that two or more athletes are tied if there is no way of discerning which athlete crossed the finish line first. In case of tie, the athlete with the lowest race number will be listed first.

### Penalties and exclusions

Failure to comply with the World Triathlon competition rules may result in an athlete being verbally warned, punished with a time penalty, disqualified, suspended, or expelled.

The most common reasons for penalisation are: early start, shortcutting the course and unsportsmanlike behaviour; mounting before the mount line or dismounting after the dismount line in the transition area.

For the mixed relay event, time penalties may be served by any member of the team, the one who infringed the rule or any other member. The only exception is the early start penalty that must be served by the first athlete.

### Protests/appeals

A protest or appeal is considered if it is submitted in writing no more than 15 minutes after the official posting of the results, but needs to be announced within five minutes after results have been posted. Appeals of an official decision can be made in the same way after a protest decision.

**Women's Individual Event - Penalties at the Briefing**

**Summary:**

Athletes #18 BROWN Joanna (CAN) & #19 KRETZ Amelie (CAN) received a 15s penalty at the briefing, which was overruled by the Competition Jury.

**Details:**

Athletes #18 BROWN Joanna (CAN) & #19 KRETZ Amelie (CAN) arrived 12 mins late to the mandatory Athletes Briefing. According to the Competition Rules, they received a 15 seconds penalty each for late arrival to the Briefing, to be served in Transition 1 during the event.

Following the appeal from the Canadian Olympic Committee, the Competition Jury met and decided to overrule the Head Referee decision and cancel the penalty.

Item: 2

**Women's Individual Event - Athlete 39 YELISTRATOVA Yuliya (UKR) has been removed from the start list**

**Summary:**

Athlete 39 YELISTRATOVA Yuliya (UKR) has been removed from the start list because she is provisionally suspended following the ITA report showing an Adverse Analytical Finding in a sample collected in 2021 Europe Triathlon Cup Dnipro held in Ukraine on June 5th

**Details:**

The ITA reports that a sample collected from Yuliya Yelistratova, a triathlete from Ukraine, has returned an Adverse Analytical Finding. The sample was collected by World Triathlon during an in-competition anti-doping control on 5 June 2021 in the scope of the 2021 Europe Triathlon Cup Dnipro held in Ukraine. World Triathlon was informed of the case on 24 July 2021 by the WADA-accredited laboratory of Warsaw, Poland.

The athlete, who was meant to participate in the Women's Individual Event of the Olympic Games Tokyo 2020 on 27 July 2021, has been informed of the case and has been provisionally suspended until the resolution of the matter in line with the World Anti-Doping Code and the World Triathlon Anti-Doping Rules.

The athlete has the right to request the analysis of the B-sample and to challenge the imposition of the provisional suspension before the Court of Arbitration for Sport – Anti-Doping Division.

Considering that the ITA is leading the anti-doping program on site for the Olympic Games Tokyo 2020, World Triathlon entrusted the ITA to handle the results management of this case.

Item: 5

**WATER QUALITY STATEMENT OF 26 JUL 2021**

**Summary:**

Tokyo 2020 and World Triathlon have been monitoring the body of water in Odaiba Bay, the venue for Olympic Triathlon, for more than two years. For the Test Event, in August 2019, World Triathlon and Tokyo 2020 installed a single-layer underwater screen to prevent contaminated water entering the area where the triathlon and marathon swimming events were to take place. It was then agreed that for Games time, a triple-layer screen was to be put in place, and this has been operating in the Bay for the last month. The installation of triple-layer screens has proven to be working, according to all the measurements taken in the area since the triple-layer barriers were installed.

**Details:**

Tokyo 2020 has conducted a daily test for the last three weeks, with samples taken each day in 4 different locations of the body of water - three of them inside the barriers, within the triathlon field of play, one of them outside the barriers - and the results show that the underwater screen is working effectively. All the results are available for athletes and coaches to check at the Athlete's Lounge. Tokyo 2020 is using Tecta-TDS portable laboratory for delivering fast and reliable microbiological water quality tests. This portable laboratory, already implemented in the 2019 World Triathlon Olympic Test Event in Tokyo, allows us to obtain results of E-Coli and Enterococci bacteria levels in the body of water tested in less than 12 hours. The latest available results within the triathlon field of play are the following:

Enterococci (NMP/100ML)

Date of Sample: 25/07/2021, Hour of Sample: 13h

Location 1: Below the standard // Location 2: Below the standard // Location 3: Below the standard  
Enterococci Limit 100

E.Coli (NMP/100ML)

Date of Sample: 25/07/2021, Hour of Sample: 13h

Location 1: Below the standard // Location 2: Below the standard // Location 3: Below the standard  
E.Coli Limit 250

Additionally, the triple-layer screen system was closed yesterday - due to the expected weather change - to prevent water from outside the barriers from entering the area and the water current generators were operated for managing the water temperature. With all the above information, the Technical Delegates, the Medical Delegate along with the Odaiba Bay Venue Team and Sport Team have decided to go ahead with the schedule for today as initially planned.
